

WE NEED YOUR HELP

at the YMCA Delta Explosion Gymnastics Program!

Gymnastics is more than just a sport! Gymnastics teaches children and young adults the essential values of team work, discipline, leadership, dedication, and commitment, along with the importance of caring for their health and wellness!

Gymnastics classes and team competitions have been an integral part of the Hodding Carter Memorial YMCA for decades. Currently our Y Gymnastics Program impacts the lives of over 100 children and young adults in our community. Our facility provides them with a family-friendly atmosphere that celebrates the abilities and strengths of each gymnast within the program.

The opportunity for our youth to learn athletic, social, and life lessons through their involvement with our Y Gymnastics Program is now in jeopardy. Each time our Y has alerted the community of an urgent need, the community has responded to our call for help.

To sustain our program, we must secure pledges or gifts totaling \$3,000 per month for a 24-month period beginning in September 2020. Please complete the attached pledge form and return it to the Y no later than 8/1/2020. Your personal investment helps to ensure the continued vitality and sustainability of this valuable program.

We need your help NOW!

Thank you,
